

THE INDIAN COMMUNITY SCHOOL KUWAIT – JUNIOR

CIRCULAR FOR CLASSES IV, V & VI

The use of plastic products has increased significantly in the recent past that is causing a lot of environmental damage.

An initiative from ICSK Junior to create awareness for a **NO PLASTIC SOCIETY** welcomes students to show their talent by making an informative art work with related topic for a competition scheduled on **Tuesday, 29th October 2019** during school hours.

Criteria for the competition:

- The painting to be made on an A4 size paper.
- Water colours to be used.

The best art work will be selected and the artists along with the staff and students will be painting with the related topic on the compound walls of the school as a part of the awareness campaign.

LET US BE A CAUSE FOR A HEALTHY ENVIRONMENT.

Little changes really add up!

Sherly Dennis
